**HEALTH CARE REFORM IS UNDER WAY IN COLORADO. WHAT  
DO YOU WANT IT TO OFFER?**

The Colorado Progressive Coalition's Health Justice Organizing Program is holding public forums on health care throughout the state. Our goal is to inform the public about health care reform efforts happening in the state, including the work of the Blue Ribbon Commission on Health Care Reform, the activities of our state legislature and Governor, and encourage public participation in the process.

Come to the Forum, hear others speak about their health care experiences, and share your own. Learn what you can do to make health care reform a reality!
